

B37 checks three common remote controls at the same time.

### 1. Packing List

- 1 pc B37 with 3 antennas
- 1 pc free leather case (black or camouflage)
- 1 pc AC power adaptor (EU/UK/US)
- 1 pc Car Power adaptor

### 2. Functions:

B37 checks 315MHz, 433MHz and 868MHz RC frequency.

With a built-in battery, it works 1.5~2 hours continuously.

### 3. Frequency bands:

It has 3 antennas and each antenna represent one band.

No1.	868MHz
No2.	315MHz
No3.	433MHz

### 4. How to install and use?

1). **\*\*\*Important\*\*\*** Before using it, please connect to power adaptor and recharge B37 for a few minutes to active battery.

Then charge the battery for 4 hours. Once it is completed, the red charge light turns off.

Note: when charging B37, please turn off its power switch.

2). Screw on the SMA antennas by orders and turn on the power switch

3). Put it upright, pull out the antenna for 315Mhz 433Mhz bands and test on remote controls.

4). After using it, please turn off the power switch.

Tips: Default car power adaptor is only applicable for 12V car power source. The jammer will be damaged if connected to 24V car power.

### 5. FAQ:

**1). Q: Can I turn on/off each band separately?**

A: Yes, you can turn on/off each band by screwing on/off corresponding antenna.

**2). Q: Will the blocking range rise if I turn off other bands?**

A: It will not increase its range. Because the output power of each band is fixed.

**3). Q: How to prolong the working time for B37?**

A: Please charge it for 4 hours. You can also buy extra battery bank B43.

## 6. Warranty & Returning Policy

The warranty of B37 is one year. Since you purchased from us, you will enjoy one year warranty.

Once you get your package, please check if the outer packing is original or in good condition. Then install and use it according to above instructions. If it doesn't work properly, please contact our sales team. If you want to return for repair, please contact our sales team.

Warranty will be invalid under below conditions:

- It has more than 12 months since you ordered.
- Open the case or change circuits without our formal authorization.
- Other kinds of problems caused by wrong operations including using wrong power source.

## 7. Caution:

The preventer shall be used legally according to local laws. The user will be fully responsible for any illegal usage or any infringement of rights.

B37 can not block all the door/car remote controls (only work on normal 315MHz, 433MHz and 868Mhz remote controls).
