## Jammer Maddox

315MHz, 433MHz, 868MHz & WiFi 50-150 m

## Features

Maddox is, undoubtedly, the most powerful portable car jammer ever designed to kill remote control frequencies, such as 315MHz, 433MHz, 434MHz, and 868MHz.

Its omnidirectional high gain antennas play a fundamental role in this sense as well since they allow the jammer to cover the aforementioned jamming range.

We can, without a doubt, state that Maddox is "the upgrade" that every one of our clients was waiting for.

## DEVICE DETAILS

|                     |  |
|---------------------|--|
| Product Code:       | Maddox   |
| Frequency:          | Freq. 1: 315MHz: 5W<br>Freq. 2: 433MHz: 5W<br>Freq. 3: 868MHz: 10W<br>Freq. 4: 868MHz: 10W   |
| Frequency Options:  | Wi-Fi/Bluetooth 2.4GHz: 8W;<br>1575.42-1620MHz: 10W GPS L1 + Glonass L1  |
| Working Object:     | Car remote controls, garage and gate remote controls, commercial drones, radio controlled toys, etc.                                     |
| Output Power:       | 30W  |
| Jamming Range:      | 50-150 m   |
| Antenna Interface:  | Omnidirectional  |
| Remote Control:     | No   |
| Power Supply:       | AC100 - 240V   |
| Battery:            | Battery fully charged in 5 hours - battery life 40-60 minutes (uninterrupted use when plugged into wall socket or car cigarette lighter) |
| Color:              | Silver   |
| Dimensions (LxWxD): | 145 x 95 x 45mm  |
| Warranty:           | 1 Year   |
