

B11 blocks UHF&VHF signals, disabling UHF&VHF radio/bug/tracker.

1. Packing List

- 1 pc B11 with 4 pcs Whip Antennas
- 1 pc AC power adaptor (EU/UK/US)

Note: If used in Car, please buy E1 car power convertor separately.

2. Functions:

B11 blocks VHF UHF bugs, walkie-talkie and lojack up to 20~40 m. It also blocks Lojack (173MHz). With 2 built-in cooling fans, it can work 24/7.

No1. 140~150MHz

No2. 150~180MHz

No3. 420~450MHz

No4. 450~480MHz

3. How to install and use?

1). Screw on the antennas by orders, connect to power adaptor and power source.

If you want to use it in the car, please order E1 Car Power Inverter(12V to 220V).

2). Turn on the power switch and test on walkie talkie/UHF bugs. (It is advised to put it between the two walkie talkie.)

4. Warranty & Returning Policy

The warranty of B11 is one year. Since you purchased from us, you will enjoy one year warranty.

Once you get your package, please check if the outer packing is original or in good condition. Then install and use it according to above instructions. If it doesn't work properly, please contact our sales team. If you want to return for repair, please contact our sales team.

Warranty will be invalid under below conditions:

- It has more than 12 months since you ordered.
- Open the case or change circuits without our formal authorization.
- Other kinds of problems caused by wrong operations including using wrong power source.

5. Caution:

The preventer shall be used legally according to local laws. The user will be fully responsible for any illegal usage or any infringement of rights.
