Jammer Raptor

8 bands Portable 3G 4G Cell Phone Jammer, GPS, Lojack & WiFi Blocker

Features

Raptor is our new entry. It's an amazing 2G, 3G, 4G Cell Phone Jammer. This is clearly one of the most powerful handheld jamming devices you'll ever encounter in your entire life. But it can also block GPS L1, Lojack & 2.4GHz WiFi.

It can easily block GPS satellite signal reception in a vehicle, as well as that of 160MHz-175MHz Lojack. We almost forgot that it can blur 2400-2500MHz WiFi frequencies, as well. Most drone remote controls, spy cameras and microphones (just to mention a few) operate at the 2.4GHz frequency.

It comes with an overall output power of 8W, an 8.000mA battery (3 hours of battery operating time) and an impressive cooling system which keeps the device constantly under 40°, therefore avoiding overheating issues that might affect its performance.

DEVICE DETAILS

Product Code:	Raptor
Frequency:	Freq. 1: Lojack: 173MHz Freq. 2: GSM: 920-965MHz Freq. 3: DCS: 1800-1880MHz Freq. 4: 3G, UMTS: 2110-2170MHz Freq. 5: 4G Low: 790-880MHz Freq. 6: GPS L1: 1575.42MHz ± 10MHz Freq. 7: WiFi 11.b & g: 2300-2500MHz Freq. 8: 4G High: 2620-2690MHz
Output Power:	8W
Jamming Range:	Up to 30 meters (Depending on signal strength in the area)
Remote Control:	No
Battery:	7.4V / 8.000mAH (Battery charged in 6 hours) - (Operating time 3 hours)
Power Adapter:	AC100-240V-DC12V
Color:	Grey & Black
Dimensions (LxWxD):	145 x 80 x 41 mm
Warranty:	1 Year
